

DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on March 5, 2010 has been entered.

Response to Amendment

Claims 1-8 remain pending in the application. The previous objections to the specification and drawings are withdrawn in light of Applicant's amendment to the specification and drawings.

Allowable Subject Matter

Claims 1-8 are allowed. The following is an examiner's statement of reasons for allowance:

The prior art does not teach a hermetic compressor comprising a suction pipe including:

- a large diameter part having a first substantially constant diameter;
- a small diameter part having a second substantially constant diameter and connected external of the hermetic container; and
- a transition part connecting the large diameter part with the small diameter part, wherein

the suction pipe is fixed with the hermetic container, and an opening of the large diameter part is located at an inside of the hermetic container.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
